

Name:**Dr. Mrs. Vrunda Joshi****Designation:**

Professor in Electrical Engineering Department,
Dean (R&D)

Contact Details:

Email id: vaj_elect@pvgcoet.ac.in

Phone Number with extension: 020 24228258 / 65 / 79

Educational Qualifications:

- **Ph.D.** (Systems and Control) in 2008 from **IIT Bombay**
Topic: Path planning of a spherical mobile robot
- Post-Graduation : M.E. (Electrical-Control Systems) in 1994(First Class with distinction 76.6%), Pune University (First Rank at Pune University)
- Graduation: B.E.(Electrical) in 1992 (First Class with distinction 68.8%), Pune University

Experience:

Total Experience: 28.5 years

Academic: 27 years

Industry:1.5 years

Academic Experience:

Professor	Department of Electrical Engineering, PVG's College of Engineering and Technology, Pune	Since 1 st September 2010 till date
Assistant Professor	Department of Electrical Engineering, PVG's College of Engineering and Technology, Pune	1 st Aug 2005 to 31 st August 2010
Senior Lecturer	Department of Electrical Engineering, PVG's College of Engineering and Technology, Pune	July 2001 to July 2005

Lecturer	Department of Electrical Engineering, PVG's College of Engineering and Technology, Pune	July 1995 to June 2001
----------	---	---------------------------

Industrial:

Senior Engineer	Badwe Engineers Pvt. Ltd	June 1994 to 20 th July 1995
Junior Engineer	Badwe Engineers Pvt. Ltd	November 1993 to June 1994

Research Interests:

Mobile Robotics, Nonholonomic Motion Planning, Differential flatness, Quaternions, Rotational kinematics, Nonlinear Control, Brushless D.C. motor and PMSM Drives and Control.

Research Projects:

Project title	Sponsoring agency	Duration	Amount
Path planning of nonholonomic systems	Department of science and technology	3 years April 2008-March 2011	Rs. 11,80,000
Development of control algorithms for brushless D.C. motor drive	R&DE(Engrs), Dighi, Pune, DRDO LAB	2 years, April 2012-March 2014	Rs. 8,62,700/-
Autodrive with park assist (Cars that drive and park)	Department of science and technology	3 years Apr 2014-March 2017	Rs. 25,31,000/-
Development of state of the art Electrical Vehicle Laboratory	AICTE-MODROB scheme	2 years from December 2020	Rs. 10,89,412/-

Patents: (Details)

Patent Registration:

Title: Permanent Magnet Synchronous Motor Sensor less vector control based on Nonlinear Disturbance Observer

Application No. TEMP/E-1/28612/2019-MUM

Date of Filing: 2019/07/06

Type of patent: Indian

Applicant Name: 1. Dr. Vrunda Joshi 2. Aishwarya Apte 3. Hrishikesh Mehta –

Pune Vidyarthi Griha's College of Engineering and Technology, Pune -09

Field of Consultancy (Aspiring):

Electrical Drives and Control

Consultancy offered:

CARS project completed with R&DE(E) providing consulting service in the area of 'Sensorless control of BLDC motor'. The project cost is RS. 8,62,700/-

Number of Publications:

International Journal:11

National Journal:03

International Conference:25

Number of Books / Book chapters Published: 01

Number of PhD students Guided: 02

Number of PG Students Guided: 13

Recognition/ Awards:

1. The online course developed on 'Implementation of PID control for Self Balancing Robot' received **Rank 1** at **International Level** in all PLEXP courses developed by Dassault Systems.
2. 1st rank in 'M.E.' (Electrical) at Pune University in 1994.
3. The faculty team of PVG's COET, working under my leadership was specially Invited for eYantra Symposium eYS2016 on 11-12 April 2016, for winning best team award for TBT-2015 challenge task
4. The research project "Development of control algorithms for brushless D.C. motor drive" was successfully completed and well appreciated by review committee of R&DE(E), Dighi, Pune, DRDO Lab.

5. The project guided entitled “Design and fabrication of a Spherical Robot” received first prize at SAE (Society of Automotive Engineers), western zone.
6. Recipient of URDIP Women Scientist-C scholarship of DST-TIFAC.
7. Received Best Paper presentation award at ACODS 2016 at NIT, Trichy.

Professional Society Memberships:

- Member of ISTE

Number of FDPs / STTPs organized: 05

Number of Workshops organized: 04

Number of FDPs / STTPs attended: 16

Number of Workshops attended: 16

Number of Conferences / Seminars attended: 05

Number of times served as a Resource Person: 31

Number of times served as a Reviewer / Judge: 17

Details of Research papers published:

Details of publications available at

2013-2014

17. Mrs. K. M. Kurundkar, Dr. V. A. Joshi," Digital harmonic restraint differential relay for power transformer protection", presented at The institute of Engineers- Pune local centre, Technical Journal No: 36, ISBN No: 978-81-924990-0-0

Before2013

18. "BLDC motor: Different sensorless control techniques", AishwaryaApte, Dr. V. A. Joshi, published at the National Conference on Advanced Electrical Engineering, in organized by BharatiVidyapeeth University, Pune, March 2013
19. "Design of vertical axis wind turbine aero-generator" is presented in National conference on "Renewable energy commercialization" during 23rd – 24th April 2012.
20. "Digital protection: The backbone of smart grid" is presented in National conference on "Innovative Smart grid Technologies" during 19- 21 March 2012.
21. "Path planning of a spherical mobile robot using the Liouvilian property", Vrunda A. Joshi, Ravi N. Banavar, in the proceedings of International Conference on

Aerospace Engineering (ICEAE09), organized by the department of Aerospace Engineering, IISC, Bangalore.

22. "Path planning of a Spherical Mobile Robot- a partial flatness based approach" in the proceedings of '1st International Conference on Mathematical Modeling in Engineering and Biosciences' organized by GAMs.
23. "Design, modeling and controllability of a Spherical Mobile Robot", Vrunda A. Joshi, Ravi N. Banavar, in the proceedings of National Conference of Machines and Mechanisms organized by IISC, Bangalore in December 2007, pp. 135-140
24. "Demand side management controlling maximum demand" by Vrunda. A. Joshi, R. B. Ghatikar at state level seminar organized by SEA association, MSEB, Pune, June 1998.

"Microprocessor based maximum demand controller" by Vrunda. A. Joshi, R. B. Ghatikar at national seminar on 'Electrical energy and demand meters' organized by Institute of Engineers, Pune, Jan 1996

Details of books / book chapters published:

Book Chapter:

"Fractional-order PI controller for Permanent Magnet Synchronous Motor: A design based comparative study" Ujjwala Thakar, Vrunda Joshi, Utkal Mehta Vishwesh Vyawahare, Chapter 18 (pp. 553-576) in a book 'Fractional Order Systems Optimization, Control, Circuit Realizations and Applications' Publisher: Academic Press, Elsevier. Editors: Ahmad Taher Azar and Ahmed G. Radwan

Details of FDPs / STTPs attended in last 5 years:

FDPs/CEPs/Workshops organized:

- One-week on-line Faculty Development Program on 'Advances in Electrical Engineering' from 8th June 20-13th June 20.
- Three days' workshop on "MATLAB for Electrical Engineers" on 30th Aug -1st Sep 2018.

Details of FDPs / STTPs attended in last 5 years:

1. 3 days Faculty Development Program on 'Outcome based Education' from 6th October-8th October 2020

Major Portfolios Handled: (college level and department level)

I. Head, Electrical Engineering Department, PVG's COET, Pune

Duration: October 2017- till date

Major Achievements:

- Successful completion of NAAC accreditation in APRIL 2018
- Successful completion of NBA accreditation of Undergraduate Course B.E. (Electrical) for duration of 3 years from AY 2019-20

II. Dean (R&D), PVG's COET, Pune

Duration: June 2017- till date

Major Achievements and role:

- MODROB Research grant in AY 2020-21 for 'Development of Advance Electrical Vehicle Laboratory'
- Training to students and faculty for best research practices and improvement of research quality.

Role in University Bodies

- BOS Chairman, Department of Technology, SPPU
- Member, Faculty of Engineering, SPPU
- Member, Academic Council, SPPU
- VC Nominee, interview committee, SPPU
- Member LIC Committee, SPPU
- Subject Expert, interview committee, SPPU
- Member, Board of Studies, Electrical Engineering, Govt College of Engineering, Pune

Industrial Collaborations

I. Activities with R&D (E), Dighi, Pune, DRDO Laboratory

1. Design Review of project 'Development of Fuel Cell based future Power Supply technologies for Defence Application' at R&DE(E), Dighi DRDO Laboratory on 24th March 2021
2. Panel member for PDR (Peer Design Review) of Project "Advanced Technologies for Electromagnetic Launch system" on 21 Aug 2020.
3. Member, discussion panel for two days workshop on "Legged Robotic/Humanoid Systems in Defence-Futuristic Perspective" on 30th- 31st August 2019. The objective of the workshop is to carry out focused deliberations on the relevance, role, use, and enabling technologies and their assessment for such robotic systems for defence in the near to far term.
4. An expert review member for Concept Design Review on "Systems and Technologies for Advance Robotics (STAR) project at R&DE(E), DRDO on 27th February 2020.
5. Special invitee for review of a project 'Advance technologies for Electromagnetic Launch Systems' at R&DE(E), Dighi, DRDO laboratory on 9th April 2019.
6. A committee member for Design Review of "Electromagnetic Aircraft Launcher System (EMALS) on 13.3.2018 at R&DE(E), Dighi, DRDO lab.
7. A member, peer review committee for design and development of 14.5 KW BLDC motor with drive for Mihir missile Launcher, the project being executed at DRDO lab R &DE (Engrs), Dighi.

8. A member, peer review committee for the project on “Design and development of hub motor for Daksh Robot” the project being executed at DRDO laboratory, R&DE(E), Dighi
9. Completed one sponsored research project on ‘Development of Control Algorithms for Brushless D.C. Motor’ under Contract for Acquisition of Research Services (CARS) scheme in 2014.
10. Expert for various sessions during technical training courses organized for scientists of DRDO laboratories.
11. A judge for Final stage national level ‘DRUSE (DRDO Robotics and Unmanned Systems Expositions) competition in 2017.

I. Activities with Dassault Systems

1. Development of online course ‘Implementation of PID control for Self Balancing Robot’ received **Rank 1** at **International Level** in all PLEXP (Peer Learning Experience Program) courses developed by Dassault Systems in 2017.
2. Development of ‘Product Innovation’ Laboratory which involves mechatronic setups with 3DExperience based system engineering concepts in 2016.
3. Development of 3DExperience based Virtual Laboratories for Electrical Engineering subjects in 2020.

Development of State of the Art Laboratories:

I. Product Innovation Laboratory

Played instrumental role in the development of 3DExperience based mechatronics laboratory with Dassault Systems in 2016. The laboratory consists of advanced level setups like humonoids, CAR simulators, 6DOF robotic ARM, autowiper system etc. The concept of digital twin is being demonstrated to the students through various setups.

II. Embedded Robotics Laboratory

The laboratory has been setup in collaboration with E-yantra IIT Bombay in 2016. The laboratory consists of mobile robots, sensors and actuators. The laboratory was further developed to cater needs of agricultural industries by appending with ‘**Agricultural Robotics**’ which was sponsored by IEEE and TCS

III. TI’s Advanced Embedded Control for Drives and Control

The laboratory consists of advanced digital signal controllers like TMS320F2812/28027 of Texas Instruments along-with 3ph drivers and special machines like Permanent Magnet

International/National research collaboration:

- International Collaboration with Dr. Utkal Mehta of University of South Pacific for Research Activities for joint publications.
- Research Collaboration with Dr. VishveshVyavahare of Ramrao Adik Institute of Technology, Nerul, Navi Mumbai for joint publications.

- Interaction with R&DE(E), Dighi, DRDO lab for technical collaboration for projects like Indegeneous development of BLDC drive, Replacement of PMDC with HUB motors for mobile robot 'Daksh', autonavigation of hybrid vehicles etc. through 'Progressive Design Reviews, Interactive sessions and guest lectures.
- Interaction with I.I.T. faculty for R&D projects, CEP courses and other academic activities.
