

Formerly known as PVS COLLEGE OF ENGINEERING AND TECHNOLOGY, PUNE

Circular: COETGKPIOM/026/21-22

Date 3rd May 2021

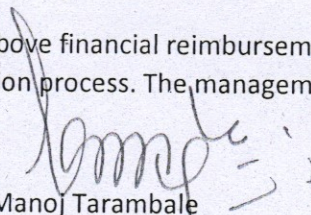

Research Policies with effect from 3rd May 2021 for promotion of research activities

Preamble: In line with Vision/Mission statement of the college, to achieve excellence in engineering education, it is of immense important to promote quality research. In line with this, the management would like to encourage faculty members and students by providing facilities for the research activities.

Following are the research policies to be implemented from 3rd May 2021

- 1. Promotion for publication of quality research paper:**
If faculty member publishes a scopus indexed Journal paper with either Q1 or Q2 quartile, he/she will be awarded with an amount of Rs. 10,000/- . If the paper is published in an open access journal, the charges for open access will be paid upto 50%. If a paper is published in a scopus indexed conference, 50% of registration fees will be reimbursed. In both these cases, the maximum limit is Rs 25,000/- .
- 2. Visiting renowned academic institutes for collaboration and other research work:** To visit IITs and NITs or similar reputed institutes for research work or allied assignments, travel allowance for 3tire AC train fair, LCA and DA at actuals will be reimbursed with prior application and permission.
- 3. Paper presentation outside India:** For abroad visit for research work/paper presentation, travel charges and registration charges upto 1 lakh will be reimbursed. Higher expenses can be sanctioned case to case based on prior permission.
- 4. Financial support for IPRs:** 100% financial support will be provided for registration process of patents and copyrights.
- 5. Research Projects at UG/PG:** Research oriented undergraduate/postgraduate project will be provided with a financial support upto 50% of the total cost and can be further extended based on the outcomes like patents, publications and prizes bagged by the project. Travel and registration charges of these groups will be borne by the college for attending project competitions/hackathons.
- 6. Professional membership charges for societies like IEEE/ASME etc will be partially supported by the management.**

For all above financial reimbursement, it is necessary to get prior permission from the authorities with application process. The management reserves rights for disbursement of the funds
