Decentralization Policy

Preamble- It is observed that with independent decisions being bestowed to the concerned administrative authorities, overall execution becomes easier, more effective and efficient. To enhance this work culture, it is necessary to spell out the Decentralization policy which to be followed categorically.

Decentralization is the process by which the activities of an institute, particularly those related to planning and decision-making, are distributed or delegated away from a central, authoritative like Directors or Principal and given to various groups within institute such as Deans, Heads of department, Coordinators of various portfolios.

It aims enhancing efficiency, responsiveness and innovation.

Objectives-

- Faster decision making
- Independent decisions helpful for resolving issues
- Development of leadership and empowerment of human resources
- Promote innovations and creativity in governance
- Increased accountability and responsibility

Scope-

- Academics Departments, Academic administration
- Research and Development
- Students Support System
- Industry- Institute Interaction
- Office administration
- Library
- Quality Assurance (IQAC)

Prof. R. G. Kaduskar
