Science Forum

An educational Visit to Pimpri Chinchwad Science Park was organised on weekends in the month of October'25 and February'26

Attendees: F.Y.B. Tech Students and 6 Faculty Members

The visit was intended mainly to help the students understand basic science and engineering concepts through various working and non-working models, demo experiments displayed in the Science park.

The motive was also to help the students in their own mini projects for ideation and representation.

It was indeed an enjoyable learning experience for the students.
